PROFESSIONAL EXPERIENCE

- Jun 2026 – Present
Khobar & Thuwal, KSA
- Teaching Assistant & Professional Trainer**
King Abdullah University of Science & Technology (KAUST)
- Owned the **King Fahd Causeway Authority**'s applied curriculum and presented **5+** use-case reviews to its **CEO, VP, and Data Team Lead**, converting operating problems into a scoped visual AI agenda
 - Built an AI agent that autonomously converts plain research reports into journal-style LaTeX papers, used by the academic team at **KAUST SRSI**
 - Delivered keynotes and research lectures to **100+** beneficiaries daily, and briefed KAUST's **VP of National Talent Development** directly on program design
 - Mentored a student to a top **5%** symposium placement; co-authored a paper on label efficiency in medical computer vision, in preparation for **ISEF 2026**
 - Authored the applied AI for finance curriculum adopted by **PIF**'s Graduate Development Program, spanning volatility analysis, forecasting, and algorithmic trading
- Aug 2025 – Dec 2025
Dhahran, KSA
- Research & Development Intern**
Schneider Electric
- Delivered the platform evaluation that guided **Saudi Aramco**'s deployment decision, presenting the recommendation to their **Process Engineering Lead**
 - Designed and piloted the orchestration architecture standardizing IT/OT integration across **2** deployments
- Jun 2025 – Sep 2025
Thuwal, KSA
- Teaching Assistant, Deep Learning**
King Abdullah University of Science & Technology (KAUST)
- Delivered coursework across **3+** modules and advised **10+** teams (**50+** students) to final delivery

LEADERSHIP

- 2024 – 2026
Saudi Arabia
- Head of PR & External Communication**
SARMD Environmental, Non-Profit Organization
- Represented the organization at **COP16**, the UN desertification convention in Riyadh, engaging country delegations, corporates, and non-profits
 - Instituted the documentation and external partner communication protocols behind SARMD's transition to a MiSK-incubated non-profit; now serving on its Board
- 2025 – 2026
Dhahran, KSA
- Vice President, Operations**
TechHub, KFUPM Student Technology Chapter
- Led **4** teams (**30+** members), briefed the chapter's vision and operating plan at regular forums, and negotiated with funds and external stakeholders through its own **MiSK** incubation award

EDUCATION

- Aug 2021 – May 2026
Sep 2023 – Sep 2024
- BSc Computer Engineering, Honors** | King Fahd University of Petroleum & Minerals
- Artificial Intelligence Specialization**, top **1%** of national cohort | KAUST

PROJECTS, AWARDS & SKILLS

Projects: **Paro Studio**, agentic deck generation, scoped from interviews with **10+** McKinsey/BCG consultants | **Flybee**, AI travel platform, roughly **80,000 lines** shipped solo across backend, iOS, and web
